AMENDMENT

Director of the U.S. Patent and Trademark Office  
Washington, D.C. 20231

Sir:

In reply to the December 18, 2002 Office Action, please amend the above-identified application as follows:

IN THE CLAIMS:

Please replace claim 1 as follows:

- Al
1. (Amended) A single-sided paper phenolic resin copper-clad laminate comprising a phenolic resin impregnated paper base having:  
copper foils adapted to have terminals of electronic components soldered thereon, the copper foils being laminated on a face side of said phenolic resin impregnated paper base, and  
resists applied on the face side, except an area adapted to have the terminals of electronic components soldered on the copper foils,  
wherein resists formed of a same material as the resists on the face side are applied on a reverse side of the phenolic resin impregnated paper base.
